WE ARE DISTRIBUTION

Our electronic components distribution services will provide you with the industry's best solutions, on demand, and will locate efficient supply chain – while simultaneously offering significant cost-saving opportunities and flexible inventory management options.

Our core business :

FRANCHISED DISTRIBUTION

Partnership With Major Manufacturers
Full Design Support
Pricing & Logistics

COST SAVING

Franchised Network Support, Full Traceability
Cost Down For Design Registration Items & Commodities
Full Logistics & Technical Support

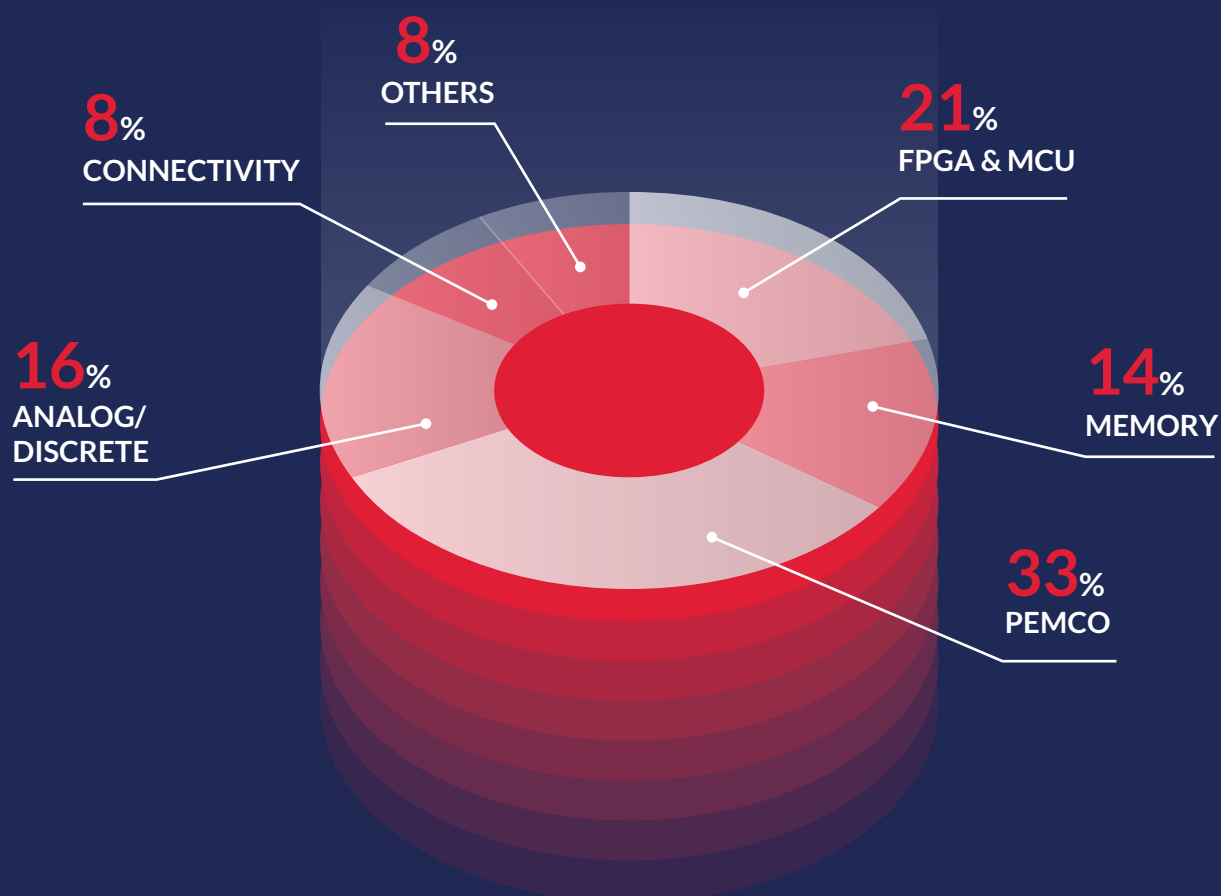

BROKERAGE

Global Network Inventory, Hard-To-Find Items
Reactive Support, Fast Shipments
In House Inspection, Trusted Quality Process

**Global Electronics
Association™**

OUR PRODUCTS LINES

OUR PARTNERS

Major Manufacturers
& Franchised Network

SERVICES INCLUDE

- Full Traceability
- Global Logistics
- Technical Support - FAE
- Reactivity

ADDED VALUE SERVICES

- MCU Software Programming
- Engineering support/FAE
- Reeling/Packaging Services

RISK MITIGATION

Quality Control is essential
to keep your supply chain safe

**Franchised network
full traceability**

**Liability insurance
sized for aero
business**

**ANSI S20.20
& J-STD-033D
Warehousing**

**Testings under IDEA-STD-1010,
AS6081 & IEC 17025**

- Visual Inspection
- Decap
- Package dimensions
- Device Marking & Surface test
- X-Ray
- Solderability testing
- EDX
- CSAM delamination
- Opening and Die inspection
- Bond Shear
- Electric testing
